OUR PRIDE IN AMES

When researchers attempted to measure the "good life," they ranked lowa among the top 25 per cent of states, in the quality of life the state offers to its residents.

Located in the heart of lowa, in the midst of the gently rolling countryside and irregular terrain produced by a network of small rivers and streams, the city of Ames is a prime example of what is good in lowa. Serving as a natural focal point for transportation, education, and culture, Ames offers modern city opportunities in the warmth and neighborliness of a growing community.

PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public this, the latest edition of the Ames City Directory, which also includes Nevada, Story County Directory.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors meet with the approval of every user, and that the Ames and Nevada Directory will fulfill its mission as a source of authentic information pertaining to the community.

This publication also contains a Story County Directory, printed on white paper immediately following Numerical Telephone Directory.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and seller seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. The Directory aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Nevada is shown farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STRLET AND AVENUE GUIDE for Ames is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers. A similar list for Nevada is shown farther on in the

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper. A similar list for Nevada is shown farther on in the Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A Statistical and Historical Story of your city;

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- An Alphabetical list of names and addresses of residents, business concerns and institutions, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- A Householders' Directory including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- A Classified Business Directory—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- A "Yellow Section" or Buyers' Guide, where the advertiser may explain in greater detail the services or products he has to offer.
- A Statistical and Historical Story of your city; plus miscellaneous other information.

L'TRODUCTION

The National Animal Disease Center, Ames, Iowa, is the United States Department of Agriculture's laboratory for investigation of livestock and poultry diseases that occur in the United States. Completed and occupied in 1961, it is a complex of fire-resistant buildings located on a 318 acre tract of land approximately three miles northeast of the city. A new addition was dedicated in the Spring of 1979. Constructed for approximately \$16.5 million. The laboratory with an operating budget in excess of \$80.0 million annually, each year continues to expand in research and laboratory facilitites. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. Many of the animals used in various research projects are reared at the Animal Production Unit, which is located approximately one and one-eight miles south of the main laboratory on a site consisting of some 45 acres. The laboratory employs approximately 500 persons, one-fourth of whom are scientists-research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed. The Center employs 710 people.

The research aims and purposes of this laboratory are to develop basic and applied information on infectious and non-infectious diseases of animals that rob the American farmers of approximately \$2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

In addition to the research program, two USDA veterinary regulatory groups have programs associated with the laboratory. These include setting standards and testing veterinary biologics for safety, efficiency, purity and potency, and providing nation-wide diagnostic services to support Federal programs for the control and eradication of animal diseases.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation, established by legislation passed by the 65th General Assembly in early 1974 and mandated to begin official functions July 1, 1974, is responsible for coordination of the various facets of Iowa's transportation system.

INTRODUCTION

Seven Commissioners appointed by the Governor are responsible for determination of general operating policies which are carried out by the Director of Transportation and the Department staff.

The Department of Transportation brings together into one agency, transportation responsibilities formerly handled by the Aeronautics Commission, Highway Commission, the Motor Vehicle Divisions of the Department of Public Safety, the Transportation Regulation Division of the Iowa Commerce Commission and the Iowa Reciprocity Board. Additional responsibilities in the areas of Public Transit and River Transportation are handled by the newly created divisions.

The purpose of the Department of Transportation is summed up in the beginning of the DOT policy statement: "The goal of the Iowa Department of Transportation is to assure adequate, safe and efficient transportation facilities for Iowa citizens by developing a total system which serves user needs and provides maximum economic and social benefits."

The Department includes nine divisions and a Transportation Regulation Board. The duties and responsibilities are summarized below.

ADMINISTRATION DIVISION: Provides general administrative and support services such as accounting, purchasing, information, data processing, personnel, facilities management and fleet operations.

HIGHWAY DIVISION: Responsible for project planning, design and Right-of-Way acquisition resulting in construction, and inspection of contracted primary road projects. Responsible for maintaining Iowa's primary road system for safe usage by the public. Acts as liaison in obtaining and disbursing federal highway funds.

AERONAUTICS DIVISION: Handles aircraft and pilot licensing, aircraft registration and airport programs. Acts as liaison in distributing federal aviation funding.

Central offices of the Iowa State Highway Commission in Ames, complete in 1961.

MOTOR VEHICLE DIVISION: Responsible for vehicle registration, drivers licenses, reciprocity and prorate truck registration, motor vehicle inspection, dealer's licenses, truck regulation, traffic weight operations, and toll bridge operations.

RAILROAD TRANSPORTATION DIVISION: Responsible for safety inspection of track, research and analysis of rail systems, and the state Rail Assistance Program.

PUBLIC TRANSIT DIVISION: Responsible for public transit planning and investigation of feasibility of various types of public transit. Acts as state designee for disbursement of federal mass transit funding.

RIVER TRANSPORTATION DIVISION: Coordinates use of river transportation with other transportation modes and examines potential for more efficient use of Iowa's waterways.

TRANSPORTATION REGULATION BOARD: Regulates routes and fees charged by truck and rail carriers, determines operating regulations and rules on transportation issues, changes in service, applications for public certificates of convenience and necessity.

PLANNING AND RESEARCH DIVISION: Responsible for DOT policy analysis, advance planning and determination of priorities. Collection of data to be used in transportation

planning and coordination of transportation planning between state and local governments and transportation economic studies.

GENERAL COUNSEL DIVISION: Legal staff assigned from the Attorney General's office handles legal matters for the DOT.

More than 5,000 people are employed by the Iowa Department of Transportation in its various divisions. At present, the Administrative, Highway, Planning and General Counsel Divisions are headquartered in Ames.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises twenty buildings, with a present total new replacement value of \$22,681,164. This plant includes the new Senior High School; the downtown Central Junior High School; Welch Junior High; Crawford, Edwards, Fellows, Meeker, Mitchell, Northwood, Roosevelt, Sawyer elementary schools and Willson School for the trainable mentally retarded; and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past nine years. A stadium with a well-lighted football field and an all-weather Grasstex track was used for the first complete football season in the fall of 1966. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to elementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

During the past twenty years, ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the \$3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, additions to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. The senior high school was constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 5,497. There are approximately 368 teachers and other professional staff members and 220 other personnel-secretaries, food service employees, teacher associates, and custodians. The average teaching load has been kept at about 25 children per teacher. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

The Iowa State Center

THE IOWA STATE CENTER

C.Y. Stevens Auditorium-seating 2,660 for concerts, opera, ballet, drama and similar events. Special attention to acoustical qualities. Facilities for motion pictures and closed-circuit television.

The Jame J. Hilton Coliseum-The Hilton Coliseum is the largest of the four buildings planned in the Iowa State Center complex. Seating for 14,000 for commencement exercises, stage and arena programs too large for auditorium-theater presentation, meetings, banquets, exhibits and displays. Good acoustics. It is also used for basketball and has an ice floor for hockey, ice shows and ice skating.

Fisher Theater-This intimate theater seats 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs. Since it opened almost 4.8 million people attended the events held at the Iowa State Center.

Scheman Continuing Education Building-The final building, now under construction, is the Scheman Continuing Education Building. It is designed to serve approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

I.S.U. Stadium-Separate from, but attached to the ISU Center is the new football stadium. The stadium shares parking facilities with the center.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages-social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

- The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.
- The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.
- 3 The City Directory is unequaled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.
- The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

Prestige advertising

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community... those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life: you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

YOUR CITY DIRECTORY—
AN INVESTMENT—A BUSINESS
TOOL

That will return tremendous dividends in the effective and efficient operation of your business when used intelligently. Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publishers at the address in the front of your Directory.

REAL ESTATE

IF ALL REAL ESTATE FIRMS PERFORM THE SAME FUNCTIONS,

WHY SELL YOUR HOME THROUGH GALLERY OF HOMES?

MOBILE HOMES The answer is simple.

SERVICE

REAL ESTATE

Gallery of Homes is a national organization of local real estate firms

Chances are when you list your home with us, you'll not only see prospects from your region, but prospects moving into your neighborhood from out of town too.

That's important. The more prescreened people who see your home, the better your chances of a sale.

It's just one of the reasons for choosing Gallery of Homes.

Phone Gallery of Homes today. It only takes a minute and it could mean a smoother sale for you.
